OREGON SCHOOL DISTRICTS

This list gives information for Oregon school districts as they were organized on June 30, 1983. In Part I, districts are arranged alphabetically statewide. In Part II, districts are arranged in numerical order by county.

Letter designations in Part I indicate district organization.

U--a unified district which operates grades 1 through 12.

Ue--a unified district which operates only grades 1 through 8. Secondary students attend a high school in another district on a district-paid tuition basis.

E--an elementary district which operates grades 1 through 8 or 1 through 6.

Some districts have a unified (U or Ue) portion and an elementary portion. Students attend the same elementary school, but may attend different high schools depending upon which part of the district they live in.

UH--A union high school district which operates grades 9 through 12 for students from component elementary districts.

---Some union high school districts operate grades 7 through 12. Component elementary districts thus operate grades 1 through 6. Elementary and union high school districts organized this way are marked with an asterisk.

Elementary districts or parts of districts which comprise a union high school district are shown in Part II.

Special designations are:

J--a joint district with territory in two or more counties. Joint portions are listed in Part II beside joint/district listings.

Susp.--a suspended district which does not operate schools, but sends its students to another district's school on a district-paid tuition basis.

A--a unified district organized administratively under ORS 330.505 to 330.780.

Average daily membership attending (ADMa) is shown in Part II for each district as of June 30, 1983. ADMa is computed by dividing total student-days of presence and absence by the number of days that schools in the district were in session. ADMa figures beside county names are for students attending ESD-operated programs.
